

What's New at MacNeill?!

There's always something going on at the MacNeill Group. Take a look.

CPL rates have been lowered. This is the lowest we have seen them in a long time. Online quoting is available through www.macneillgroup.com.

Vacant Homes are everywhere. We have great markets for them with wind (if available) and at an increased commission rate. These dwellings are high risk and need to be covered properly.

Another hot selling item is our **Inland Marine** program. With companies dropping this coverage on their homeowners policies your insured needs to have their valuables covered properly. We have multiple companies that we can place their personal articles with.

We work with AM Best A (excellent) rated or higher companies. This should give you the peace of mind to know your policyholders are protected.

One thing that never changes at MacNeill's PSL department is the Personal Service.

You can always count on us for:

- o *Quick turn around times*
- o *Friendly Underwriters*
- o *Knowledgeable Staff*
- o *And that Personal Touch to keep you coming back*
